Proposed Change to KCOM Reference Offer for the Provision of Leased Lines and Ethernet Services

Further to the notice issued on 20 November 2023, we now provide final versions of the amended Reference Offer for the Provision of Leased Lines and Ethernet Services for your signature. We apologise for the delay in circulating the finalised version of the new Reference Offer in line with our previous notice.

Please complete, sign, and return the enclosed document – **please do not date the document** – to KCOM's Head of Legal, Jody Horth, at Jody.Horth@kcom.com. If KCOM does not receive any further feedback on the Reference Offer by Friday 16 February 2024, KCOM will countersign and date each Reference Offer returned by communications providers, which will formally complete the updated Reference Offers and make them legally effective as of the date of countersignature. Details are required on pages 1, 4, and 31 of the document enclosed titled 'Reference Offer for Leased Lines 15.01.24'. Signatures are required on page 35.

We again confirm we received no responses to the proposed changes at either of the organised feedback calls, nor have we received any other contact in relation to the proposed changes. Where we do not receive signed copies of the amended Reference Offer from all communications providers who are signatories to the current Reference Offers, or further legitimate engagement, the matter will be referred to Ofcom for determination as per clause 14 of the current Reference Offer.

Please send any queries to Jody.Horth@kcom.com.
